END USER LICENSE AGREEMENT

BY OPENING THE PACKAGE, DOWNLOADING OR INSTALLING, PRESSING “AGREE” OR “YES” OR USING THE PRODUCT, THE ENTITY OR INDIVIDUAL ENTERING INTO THIS AGREEMENT AGREES TO BE BOUND BY THE FOLLOWING TERMS. IF YOU DO NOT AGREE WITH ANY OF THESE TERMS, DO NOT INSTALL OR USE THE PRODUCT, PROMPTLY RETURN THE PRODUCT TO BMC OR YOUR BMC RESSELLER, AND IF YOU RETURNED THE LICENSE WITHIN 15 DAYS OF THE DATE OF YOUR ORDER, CONTACT BMC OR YOUR BMC RESSELLER FOR A REFUND OF LICENSE FEES PAID. IF YOU REJECT THIS AGREEMENT, YOU WILL NOT ACQUIRE ANY LICENSE TO USE THE PRODUCT.

This Agreement (“Agreement”) is between the entity or individual entering into this Agreement (“Customer”) and the BMC Entity for the applicable Region where Customer acquired the License as described in Section 18 (“BMC”). This Agreement was last updated on July 30, 2019. For Customer’s convenience, prior versions of this Agreement are available at https://www.bmc.com/legal/end-user-license-agreements.html.

1. GENERAL DEFINITIONS.

“Affiliate” is an entity that controls, is controlled by or shares common control with BMC or Customer, where such control arises from either (a) a direct or indirect ownership interest of more than 50% or (b) the power to direct or cause the direction of the management and policies, whether through the ownership of voting stock by contract, or otherwise, equal to that provided by a direct or indirect ownership of more than 50%.

“Documentation” means the technical publications relating to the software, such as release notes, license entitlement descriptions, reference, user, installation, systems administrator and technical guidelines, included with the Product.

“Licensed Capacity” is the amount of each Product licensed as established in the Order.

“Order” is an agreed written or electronic document, subject to the terms of this Agreement that identifies the Products to be licensed and the Licensed Capacity and/or the Support to be purchased and the fees to be paid.

“Product” is the object code of the software and all accompanying Documentation delivered to Customer, including all items delivered by BMC to Customer under Support.

“Support” is the support services program as further specified in this Agreement.

“Territory” means the country(ies) where Customer is licensed to install the Product as specified in the Order.

2. SCOPE. Licenses are granted, and Support is obtained, solely by execution of Orders. Each Order is deemed to be a discrete contract, separate from each other Order, unless expressly stated otherwise herein, and in the event of a direct conflict between any Order and the terms of this Agreement, the terms of the Order will control only if the Order is agreed to by each party. Orders may be entered under this Agreement by and between (a) BMC or an Affiliate of BMC; and (b) the Customer or an Affiliate of Customer. With respect to an Order, the terms “BMC” and “Customer” as used in this Agreement will be deemed to refer to the entities that execute that Order, the Order will be considered a two party agreement between such entities, and BMC or its authorized reseller will separately invoice the Customer named in the Order for the associated License fees and Support fees. Neither execution of this Agreement, nor anything contained herein, shall obligate either party to enter into any Orders. In the event an Order is proposed by BMC and is deemed to constitute an offer, then acceptance of such offer is limited to its terms. In the event Customer proposes an Order by submitting a purchase order, then regardless of whether BMC acknowledges, accepts or fully or partially performs under such purchase order, BMC OBJECTS to any additional or different terms in the purchase order.

3. LICENSE. Subject to the terms, conditions, payment requirements and restrictions set forth in this Agreement, BMC grants Customer a non-exclusive, non-transferable, non-sub-licensable perpetual (unless a non-perpetual license is provided on an Order) license to install in the Territory, access and use the Product (i) up to the Licensed Capacity, (ii) for Customer’s and its Affiliates internal business operations, (iii) in accordance with the Documentation and the applicable Order, and (iv) make one copy of the Product for archival purposes only (collectively a “License”). Affiliates may use and access the Products and Support under the terms of this Agreement, and Customer is responsible for its Affiliates compliance with the terms of this Agreement.

4. RESTRICTIONS. Customer will not: (a) copy, operate or use any Product in excess of the applicable Licensed Capacity or other than as set forth in the License above; (b) modify, delete or remove any ownership, title, trademark, patent or copyright notices from any Product, or copy or partial copy of a Product; (c) disassemble, reverse engineer, decompile or otherwise attempt to derive any Product source code from object code, except to the extent expressly permitted by applicable law despite this limitation without possibility of contractual waiver; (d) distribute, rent, lease, sublicense or provide the Product to any third party; (e) use the Products in an outsourcing or service bureau environment on behalf of non-Affiliate third parties, or allow the products to be used by an outsourcing or service bureau provider on Customer’s behalf; (f) provide a third party with the licensing mechanisms within the Product.

5. PRODUCT PERFORMANCE WARRANTY. BMC warrants that (a) the Product will perform in substantial accordance with its Documentation for a period of one year from the date of the first Order, (b) BMC has used commercially reasonable efforts consistent with industry standards to scan for and remove software viruses, and (c) other than passwords that may be required for the operation of the Product, BMC has not inserted any code that is not addressed in the Documentation and that is designed to delete, interfere with or disable the normal operation of the Product in accordance with the License. This warranty will not apply to any problems caused by hardware, Computers, or software other than the Product, or misuse of the Product, use of the Product other than as provided by the applicable License, modification of the Product, or claims made either outside the warranty period or not in compliance with the notice and access requirements set forth below. No warranty is provided for additional Licensed Capacity, Product provided pursuant to Support or Product provided pursuant to Section 12.

6. LIMITED REMEDIES. BMC’s entire liability, and Customer’s exclusive remedy, for breach of the above warranty is limited to: BMC’s use of commercially reasonable efforts to have the Product perform in substantial accordance with its Documentation, or replacement of the non-conforming Product within a reasonable period of time, or if BMC cannot have the Product perform in substantial accordance with its Documentation replace the Product within such time period, then BMC will refund the amount paid by Customer for the License for that Product. Customer’s rights
and BMC's obligations in this Section are conditioned upon Customer’s providing BMC during the warranty period (a) full cooperation and access to the Product in resolving any claim; and (b) written notice addressed to the BMC Legal Department that includes notice of the claim, a complete description of the alleged defects sufficient to permit their reproduction in BMC’s development or support environment, and a specific reference to the Documentation to which such alleged defects are contrary.

7. **DISCLAIMER OF WARRANTIES.** EXCEPT FOR THE EXPRESS WARRANTIES IN THIS AGREEMENT, THE PRODUCT IS PROVIDED WITH NO OTHER WARRANTIES WHATSOEVER, AND BMC, ITS AFFILIATES AND LICENSORS DISCLAIM ALL OTHER WARRANTIES, INCLUDING, WITHOUT LIMITATION, THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT. BMC DOES NOT WARRANT THAT THE OPERATION OF THE PRODUCT WILL BE UNINTERRUPTED OR ERROR FREE, OR THAT ALL DEFECTS CAN BE CORRECTED.

8. **SUPPORT.** Customer may acquire BMC support services (“Support”) on an Order for the total Licensed Capacity of a Product. BMC will notify Customer that it is time to renew Support at least 60 days prior to the end of any prepaid Support period. Customer will provide notice to BMC if it does not intend to renew Support. The annual fee for Support will be agreed upon at the time of each Order. A further description of Support is located at [www.bmc.com/support/review-policies](http://www.bmc.com/support/review-policies) and is incorporated herein by this reference. BMC may change its Support terms to be effective upon Customer’s support anniversary date, provided that such changes do not materially degrade Support during the term of an Order. BMC reserves the right to discontinue Support for a Product where BMC generally discontinues such services to all licensees of that Product. If Customer stops being enrolled in Support and then re-enrolls in Support, BMC may charge Customer a reinstatement fee.

9. **PAYMENT, DELIVERY AND TAXES.** If Customer is purchasing directly from BMC, Customer will pay each License fee and/or Support fee upon receipt of invoice. Customer will pay, or reimburse, BMC or when required by law the appropriate governmental agency for taxes of any kind, including sales, use, VAT, excise, customs duties, withholding, property, and other similar taxes (other than taxes based on BMC’s net income) imposed in connection with the License and/or the Support fees which are exclusive of these taxes. For Products that are delivered electronically, upon request from BMC, Customer agrees to provide BMC with documentation supporting that the designated Product was received electronically. If Customer accepts any Product in a non-electronic format, there may be an additional charge and it is the sole responsibility of Customer to bear any sales/use tax obligation, penalties, and interest. The unpaid balance of each late payment bears interest at a rate equal to the lesser of 1% per month or the maximum amount permitted by law. All Products are licensed FCA (“Free Carrier” as per Incoterms 2000) shipping point. The Products are accepted on the date BMC delivers the Product to the Customer either physically or by providing access codes for electronic download, whichever occurs first, however, such acceptance will not affect the Product Performance Warranty provided in this Agreement.

10. **PROPRIETARY RIGHTS AND CONFIDENTIALITY.** (a) BMC, its Affiliates or licensors retain all right, title and interest to the Product, Support and all related intellectual property and proprietary rights. The Product and all third party software provided with the Product are protected by applicable copyright, trade secret, industrial and other intellectual property laws. BMC reserves any rights not expressly granted to Customer in this Agreement. (b) “Confidential Information” means all proprietary or confidential information that is disclosed to the recipient (“Recipient”) by the discloser (“Discloser”), and includes, among other things (i) any and all information relating Discloser financial information, customers, employees, products or services, including, without limitation, software code, flow charts, techniques, specifications, development and marketing plans, strategies, forecasts, and proposal related documents and responses; (ii) as to BMC, and its licensors, the Product (excluding portions of the Documentation that BMC makes publicly available) and any third party software provided with the Product; and (iii) the terms of this Agreement, including without limitation, Product pricing information. Confidential Information does not include information that Recipient can show: (a) was rightfully in Recipient’s possession without any obligation of confidentiality before receipt from the Discloser; (b) is or becomes a matter of public knowledge through no fault of Recipient; (c) is rightfully received by Recipient from a third party without violation of a duty of confidentiality; or (d) is independently developed by or for Recipient. Recipient may not disclose Confidential Information of Discloser to any third party or use the Confidential Information in violation of this Agreement. The Recipient (i) will exercise the same degree of care and protection with respect to the Confidential Information of the Discloser that it exercises with respect to its own Confidential Information and (ii) will not, either directly or indirectly, disclose, copy, distribute, republish, or allow any third party to have access to any Confidential Information of the Discloser. Notwithstanding the foregoing, Recipient may disclose Discloser’s Confidential Information to Recipient’s employees and agents who have the need to know provided that such employees and agents have legal obligations of confidentiality substantially the same (and in no case less protective) as the provisions of this Agreement. (c) **Notification Obligation.** If the Recipient becomes aware of any unauthorized use or disclosure of Discloser’s Confidential Information, then Recipient will promptly and fully notify the Discloser of all facts known to it concerning such unauthorized use or disclosure. In addition, if the Recipient or any of its employees or agents are required (by oral questions, interrogatories, requests for information, or documents in legal proceedings, subpoena, civil investigative demand, or other similar process) to disclose any of Discloser’s Confidential Information, the Recipient will not disclose the Discloser’s Confidential Information without providing the Discloser with commercially reasonable advance prior written notice to allow Discloser to seek a protective order or other appropriate remedy or to waive compliance with this provision. In any event, the Recipient will exercise its commercially reasonable efforts to preserve the confidentiality of the Discloser’s Confidential Information, including, without limitation, cooperating with Discloser to obtain an appropriate protective order or other reliable assurance that confidential treatment will be accorded to the Confidential Information.

11. **DISCLAIMER OF DAMAGES; LIMITS ON LIABILITY.** EXCEPT FOR VIOLATIONS OF LICENSE RESTRICTIONS (SECTION 4), AND PROPRIETARY RIGHTS AND CONFIDENTIALITY (SECTION 10) AND FOR INFRINGEMENT CLAIMS (SECTION 13), NEITHER PARTY, ITS AFFILIATES OR BMC’S LICENSORS ARE LIABLE FOR (A) ANY SPECIAL, INDIRECT, INCIDENTAL, PUNITIVE OR CONSEQUENTIAL DAMAGES RELATING TO OR ARISING OUT OF THIS AGREEMENT, SUPPORT, THE PRODUCT OR ANY THIRD PARTY CODE OR SOFTWARE PROVIDED WITH THE PRODUCT (INCLUDING, WITHOUT LIMITATION, LOST PROFITS, LOST COMPUTER USAGE TIME, AND DAMAGE TO, OR LOSS OF USE OF DATA), EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, AND IRRESPECTIVE OF NEGLIGENCE OF A PARTY OR WHETHER SUCH DAMAGES RESULT FROM A CLAIM ARISING UNDER TORT OR CONTRACT LAW OR (B) DAMAGES OF ANY KIND IN AN AMOUNT GREATER THAN THE AMOUNT OF ACTUAL, DIRECT DAMAGES UP TO THE GREATER OF THE AMOUNT PAID AND PAYABLE BY CUSTOMER FOR THE LICENSE TO THE APPLICABLE PRODUCT GIVING RISE TO SUCH DAMAGES.

12. **TRIAL LICENSE.** BMC may determine, in its sole discretion, to make products available to Customer without an Order and without charge. Such products are deemed to be “Products” pursuant to this Agreement except that (a) they are provided to Customer solely so that Customer may
evaluate internally whether to acquire a license to the products for a fee, (b) the license term for such products is 30 days; (c) the Products are provided “AS IS” and without any warranty or support, and (d) the products cannot be put into productive use or included as part of Customer’s business processes in any manner, unless or until they are expressly licensed and paid for under an Order. BMC may terminate all of Customer’s rights and licenses to these Products for BMC’s convenience upon notice to Customer.

13. **INFRINGEMENT CLAIMS.** If a third party asserts a claim against Customer asserting that Customer’s use of a Product in accordance with this Agreement violates that third-party’s patent, trade secret or copyright rights (“Infringement Claim”), then BMC will, at its own expense: (a) defend or settle the Infringement Claim; and (b) indemnify Customer for any damages finally awarded against Customer based on infringement by the Product. BMC’s obligations under this Section will not apply if: (a) BMC’s legal department does not receive prompt, detailed written notice of the Infringement Claim from Customer, (b) BMC is not able to retain sole control of the defense of the Infringement Claim and all negotiations for its settlement or compromise, (c) BMC does not receive all reasonable assistance, or (d) the Infringement Claim is based on (i) the use of Product in combination with products not approved by BMC in the Product’s Documentation, (ii) the failure of Customer to use any updates to such Product within a reasonable time after such updates are made available to Customer, or (iii) the failure of Customer to use the Product as permitted by the Order and in accordance with the Documentation. BMC will not bind Customer to a monetary obligation in a settlement or compromise, or make an admission on behalf of Customer, without obtaining Customer’s prior consent. If BMC determines in BMC’s reasonable discretion that use of the Product should be stopped because of an Infringement Claim or potential Infringement Claim, if a court of competent jurisdiction enjoins Customer from using a Product as a result of an Infringement Claim and BMC is unable to have such injunction stayed or overturned, or if BMC settles an Infringement Claim on terms that would require Customer to stop using the Product, then BMC will, at its expense and election: (a) modify or replace the Product, (b) procure the right to continue using the Product, or (c) if in BMC’s reasonable judgment, neither (a) or (b) is commercially reasonable, terminate Customer’s License to the Product and (i) for any perpetual licenses, issue a refund based upon the applicable license fees paid, prorated over 48 months from the date of the Order under which the Products were initially licensed; and (ii) for any non-perpetual licenses, release Customer from its obligation to make future payments for the Product or issue a pro rata refund for any fees paid in advance. This Section contains Customer’s exclusive remedies and BMC’s sole liability for Infringement Claims.

14. **TERMINATION.** Upon thirty days advance written notice, either party may terminate this Agreement for its convenience on a prospective basis; however, such termination will have no effect on Orders placed prior to its effective date and such Orders will remain in full force and effect under the terms of this Agreement. BMC may: (i) terminate an Order and the Licenses to the Products on that Order if Customer fails to pay any applicable fees due under that Order within 30 days after receipt of written notice from BMC of non-payment; (ii) terminate any or all Orders, Licenses to the Products and/or this Agreement, without notice or cure period, if Customer violates the intellectual property rights of BMC, its Affiliates or licensors, or uses the Products outside of the scope of the applicable Licenses; or (iii) terminate all Licenses and this Agreement in whole or in part if Customer commits any other material breach of this Agreement and fails to correct the breach within 30 days after BMC notifies Customer in writing of the breach. Upon any termination of a License, Customer will immediately uninstall and stop using the relevant Product, and upon BMC’s request, Customer will immediately return such Product to BMC, together with all related Documentation and copies, or certify its destruction in writing.

15. **AUDIT.** If requested by BMC, and not more than once a year, Customer agrees to deliver to BMC, within 30 days of such request, as specified by BMC either (a) periodic product usage reports generated from specific products or (b) written periodic product usage reports, to be provided solely when the product does not generate reports (“Report”). Additionally, if requested by BMC not more than once a year, Customer agrees to allow BMC to perform an audit (“Audit”) at the locations where the Products are installed, during normal business hours to ensure compliance with the terms of this Agreement. Customer agrees to cooperate during any such Audit and to provide reasonable access to its information and systems. If an Audit or a Report reveals that Customer has exceeded the Licensed Capacity for a Product, Customer agrees to pay the applicable fees for additional capacity upon receipt of invoice. If the understated capacity exceeds 5% of the Licensed Capacity of the applicable Product, then Customer agrees to also pay BMC’s reasonable costs of conducting the Audit.

16. **EXPORT CONTROLS.** Customer represents and warrants that it: a) will comply with the United States Export Administration Regulations and other U.S. or foreign export regulations; b) no individual accessing or using the Product is a citizen of or from an embargoed country (currently Iran, Syria, Sudan, Cuba and North Korea); c) is not prohibited from receiving the Product under such regulations; and d) will not acquire the Product for a person who is restricted under such regulations; e) will not use the Product in contradiction to such regulations; and f) will not use the Product for prohibited uses, but including not limited to nuclear, chemical, missile or biological weapons related end uses. For Product exported from Ireland, EC No. 428/2009 sets up a Community regime for control of exports of dual-use items and technology, and it is declared that this Product is intended for civil purposes only. Therefore, Customer agrees to comply with both the U.S. regulations and those E.U. regulations and will not export in violation of the regulations and without all proper licenses. Any failure to comply with these regulations will result in Customer forfeiting all rights to the Product.

17. **GOVERNING LAW AND DISPUTE RESOLUTION.** Any controversy, dispute or claim arising out of or relating to this Agreement, or to the formation, interpretation, breach, termination, or validity thereof (each, a “Controversy”) will be resolved as follows:

(i) **UNITED STATES.** If both parties to this Agreement are entities incorporated under the law of any state in the United States, the Controversy shall be tried in either state or federal court located in Houston, Texas and the laws of the State of Texas shall govern. Both parties hereby submit to the exclusive jurisdiction of the courts in Houston, Texas and waive all defenses based on forum non conveniens.

(ii) **EMEA.** If both parties to this Agreement are entities incorporated in countries in the Europe, Middle East, or Africa regions, the Controversy shall be tried in the District Court located in Amsterdam, the Netherlands and the substantive laws of the Netherlands shall govern. Both parties hereby submit to the exclusive jurisdiction of the District Court in Amsterdam, the Netherlands and waive all defenses based on forum non conveniens.

(iii) **ASIA PACIFIC.** If both parties to this Agreement are entities incorporated in countries in the Asia Pacific region, the arbitration shall be held in Singapore under the then-applicable rules of the Singapore International Arbitration Centre and the substantive laws of Singapore will govern.

(iv) **OTHER REGIONS.** In all other instances, the arbitration shall be held in New York City, New York, under the then-applicable international
rules of the American Arbitration Association and the substantive laws of the State of Texas will govern.

For all arbitrations conducted hereunder: (a) the arbitration shall be conducted in English; (b) the relevant arbitral institution shall determine the number of arbitrators, but any Controversy in which the amount in dispute is greater than $10 million USD shall be decided by three arbitrators, with each party having the right to select one arbitrator; (c) the costs of such arbitration shall be borne equally, pending the arbitrator’s award; (d) the arbitration award rendered shall be final and binding on the parties, shall not be subject to appeal to any court and shall be enforceable in any court having jurisdiction over the parties; (e) the arbitration proceedings, award and pleadings shall all be confidential, unless disclosure of particular information is required for purposes of enforcing/challenging the award or to meet local securities law requirements; and (f) the party prevailing in arbitration shall be entitled to recover its reasonable attorneys’ fees and the necessary costs incurred in connection with the arbitration.

The United Nations Convention on Contracts for the International Sale of Goods shall not apply to this Agreement. Nothing in this Agreement shall be deemed as preventing either party from seeking immediate injunctive relief from any court having jurisdiction over the parties and the subject matter of the dispute.

18. **BMC ENTITIES.** The following licensing entities apply to this Agreement:

19. **ASSIGNMENT AND TRANSFERS.** Customer may not assign or transfer a Product separate from the applicable Agreement and License, and may not assign or transfer an Agreement or a License, except in the event of a merger with or into, or a transfer of all or substantially all of Customer’s assets to, a third party who assumes all of Customer’s liabilities and obligations under the Agreement and License, and expressly agrees in writing to be bound by and comply with all of the terms of the Agreement and License. Except as specifically authorized by applicable law, any attempt to assign or transfer an Agreement or License in violation of this provision will be null and void and be treated as a violation of BMC’s intellectual property rights or use outside the scope of the License.

20. **DATA PROTECTION.** The processing of personal data under this Agreement is governed by the Data Processing Agreement set forth on the Order, unless BMC already has a signed Data Processing Agreement with Customer for such BMC offerings; in which case, the signed version governs the processing of personal data. In the event there is no signed Data Processing Agreement or no reference to the applicable Data Processing Agreement in the Order, BMC and Customer agree that the Data Processing Agreement applicable on the date of the Order, a copy of which may be viewed at [https://www.bmc.com/content/dam/bmc/corporate/bmc legis.pdf](https://www.bmc.com/content/dam/bmc/corporate/bmc legis.pdf), applies to the BMC offerings under this Agreement.

21. **MISCELLANEOUS TERMS.** A waiver by a party of any breach of any term of this Agreement will not be construed as a waiver of any continuing or succeeding breach. Should any term of this Agreement be invalid or unenforceable, the remaining terms will remain in effect. The parties acknowledge they have read this Agreement and agree that it is the complete and exclusive statement of the agreement and supersedes any prior or contemporaneous negotiations or agreements between the parties relating to the subject matter of this Agreement. There are no representations, promises, warranties, covenants, or undertakings between the parties other than those expressly set forth in this Agreement. This Agreement may not be modified or rescinded except in writing signed by both parties. Any delay or failure of any party to perform any obligation under this Agreement caused by governmental restrictions, labor disputes, storms or natural disasters, emergency, or other causes beyond the reasonable control of the party, will not be deemed a breach of this Agreement; provided, however, this provision does not apply to the payment of monies or any breach of Section 10. Customer agrees that BMC and its affiliates may refer to Customer as a customer of BMC, both internally and in externally published media. The BMC Products may contain third party software which is delivered to Customer as part of the Product and may not be taken out of the Product or used separately from the Product and for which additional terms may be included in the Documentation. The Product may contain
hyperlinks to websites controlled by parties other than BMC. BMC is not responsible for and does not endorse the content or accept any responsibility for Customer’s use of these websites. Customer should refer to the policies posted by other websites regarding data privacy and other topics before using them. Any additional documents presented to a BMC representative by Customer for signature as a condition for going on a Customer’s site will be governed by this Agreement and to the extent that such document presents additional terms or conflicts with this Agreement, it shall be considered null and void.

22. **U.S. FEDERAL ACQUISITIONS.** This Section applies only to acquisitions of the commercial Product and Documentation subject to this Agreement by or on behalf of the United States Government, or by any prime contractor or subcontractor (at any tier) under any contract, grant, cooperative agreement or other activity with the United States Government. In the event the Products are delivered to the United States Government, the United States Government hereby agrees that the Products qualify as “commercial items” within the meaning of the Federal acquisition regulation(s) applicable to this procurement. The terms and conditions of this Agreement shall pertain to the United States Government’s use and disclosure of the Product, and shall supersede any conflicting contractual terms and conditions. The following additional statement applies only to acquisitions governed by DFARS Subpart 227.4 (October 1988): “Restricted Rights – Use, duplication and disclosure by the Government is subject to restrictions applicable to this procurement. The terms and conditions of this Agreement shall pertain to the United States Government’s use and disclosure of the Product, and shall supersede any conflicting contractual terms and conditions. The following additional statement applies only to acquisitions governed by DFARS Subpart 227.4 (October 1988): “Restricted Rights – Use, duplication and disclosure by the Government is subject to restrictions as set forth in subparagraph (c)(1)(ii) of the Rights in Technical Data and Computer Software clause at DFARS 252.227-7013 (Oct. 1988).”

23. **ADDITIONAL TERMS.** The following additional terms are incorporated into this Agreement.

a. **DEFINITIONS.** Terms set forth below have the indicated meaning regardless of whether they are capitalized.
   - “Client” means a third party whose data is processed by Customer and is only permitted if Customer is an authorized BMC service provider.
   - “Cloud Environment” means a shared pool of configurable computing resources (e.g., networks, servers, storage, applications and services) managed so they behave as if they were one computer.
   - “Cloud Services” means the dynamic provisioning of IT resources as a service, where typically the Cloud infrastructure is shared across multiple tenants, and tenants are billed on a utility/subscription basis for what they use. Examples of Cloud Services include Infrastructure as a Service (IaaS), Platform as a Service (PaaS), and Software as a Service (SaaS).
   - “Cloud Service Provider” is an entity that provides Cloud Services to Clients under agreements pursuant to transactions for which the Cloud Service Provider is compensated.
   - “Computer” or “Server” has the meaning generally given within the computer industry, which is a single machine, whether a central processing unit, such as a mainframe machine, or a distributed systems machine, such as a Unix or Intel based server. A mainframe machine would be an individual mainframe computer having single or multiple processors or engines. For purposes of distributed systems machines a Computer or Server may be physical or virtual.
   - “Enterprise” is the environment consisting of all hardware owned or leased by a Customer or by a Client respectively, in the Territory.

b. **LICENSE RESTRICTIONS.** The following restrictions apply to certain Products.
   - **BladeLogic Application Release Automation:** Excludes use of BladeLogic agent for server compliance, remediation, configuration, patching, and provisioning tasks.
   - **BladeLogic Database Automation:** Excludes the use of the BMC Database Automation agent for multiple operations. Once the agent is registered within the console and a job has been executed against the target, the Product license has been consumed.
   - **BMC Application Automation – License Add-on:** Excludes use of BladeLogic agent for server compliance, remediation, configuration, patching, and provisioning tasks.
   - **BMC Atrium Discovery and Dependency Mapping:** The following restriction applies to BMC Atrium Discovery and Dependency Mapping: BMC Atrium Discovery and Dependency Mapping includes Red Hat Enterprise Linux. Customer’s use of and access to the Red Hat Enterprise Linux as part of BMC Atrium Discovery and Dependency Mapping is governed by the Red Hat Enterprise Linux and Red Hat Applications End User License Agreement, the terms of which are incorporated into this Order and a copy of which may be viewed at www.redhat.com/licenses/eulas.
   - **BMC Capacity Management for Mainframes:** Any BMC Capacity Management for Mainframes Product and/or any BMC Performance Analyzer for Mainframes, BMC Performance Predictor for Mainframes, BMC Performance Perceiver for Mainframes, BMC Performance Analyzer for Mainframe Applications and other related products that may be released as part of the BMC Capacity Management for Mainframes must be licensed for all Computer(s) within the mainframe environment for which the Product or one of its components will process data or execute functionality on behalf of, regardless of whether the Product or one of its components is specifically installed on that Computer. The Products may be installed on or moved to any Computer(s) included in the licensed environment.
   - **BMC Cloud Lifecycle Management – Core License Add-on (“CLM Core”):**
     - The Product may only be used in a Cloud Environment.
     - The Product includes the right to use TrueSight Network Automation for the network devices in the Cloud Environment as long as the number of supported Network Devices does not exceed the Licensed Capacity. The Product includes the right to use TrueSight Network Automation only in order to enable the initial provisioning, on-going network operations, and use of the Virtual Data Center feature for Network Devices in the Cloud Environment. The Product does not include the right to use TrueSight Network Automation for the management of Network Devices that are not in a TrueSight Network Automation Pod.
     - The Product includes the right to use TrueSight Orchestration for the Licensed Capacity, only in order to deliver the process orchestration use cases that are installed out-of-the-box. The Product does not include the right to use any other functional capabilities or product components, including, but not limited to peers, adapters, and runbook content.
   - **BMC Cloud Lifecycle Management – Foundation Standard Pack License Add-on (“CLM Foundation”):**
     - The Product may only be used in a Cloud Environment.
     - If Customer is also a Cloud Service Provider then The Product cannot be used by the Cloud Service Provider for other environments, including but not limited to the Cloud Service Provider’s internal IT environment, or System Integration activities for Clients which are not part of Cloud Services. The Product may not be installed on Client premises or accessed or used directly by Clients.
• The Product includes expanded license rights for BMC Atrium Orchestrator including unlimited peer licenses, use of all generally available Base Adapters, and Development Studio and Operator Control Panel user licenses to support the Licensed Capacity. The Product does not include the right to use any other Application Adapters or Runbook content other than what is installed out-of-the-box.

• The Product includes the right to use the BladeLogic Server Automation (BBSA) for Server Provisioning and Software Deployment functionality only. The Product does not include the right to use any other functionality of BBSA, including, but not limited to, patching, compliance, application release automation, configuration management, discovery, inventory, and nsh-scripting.

• Customer may only use the Remedy Service Request Management functionality of the Remedy ITSM product. The Product includes the right to use Remedy Service Request Management for any number of users, to support any service requests that are directly related to the delivery or consumption of Cloud Services, for the Licensed Capacity.

• The Product includes the right to use BMC Network Automation for the network devices in the Cloud Environment as long as the number of supported Network Devices does not exceed the Licensed Capacity. The Product includes the right to use BMC Network Automation only in order to enable the initial provisioning, on-going network operations, and use of the Virtual Data Center feature for Network Devices in the Cloud Environment. The Product does not include the right to use BMC Network Automation for the management of Network Devices that are not in a BMC Network Automation Pod.

• The Product includes the right to use BMC Capacity Optimization for the Licensed Capacity only in order to enable the out-of-the-box Capacity Aware Placement Advice capability as part of the CLM Resource Manager. The Product does not include the rights to use any other functional capabilities of BMC Capacity Optimization, including but not limited to, the use of BMC Capacity Optimization for capacity planning, virtualization and consolidation; capacity analysis, forecasting, reporting and dashboards; and capacity metering for showback or chargeback.

**BMC Cloud Lifecycle Management – Standard Pack License Add-on ("CLM Standard"):**

• The Product may only be used in a Cloud Environment.

• If Customer is also a Cloud Service Provider then Product cannot be used by the Cloud Service Provider for other environments, including but not limited to the Cloud Service Provider’s internal IT environment, or System Integration activities for Clients which are not part of Cloud Services. The Product may not be installed on Client premises or accessed or used directly by Clients.

• The Product includes expanded license rights for TrueSight Orchestration including unlimited peer licenses, use of all generally available Base Adapters, and Development Studio and Operator Control Panel user licenses to support the Licensed Capacity. The Product does not include the right to use any other Application Adapters or Runbook content other than what is installed out-of-the-box.

• Customer may only use the Remedy Service Request Management functionality of the Remedy ITSM product. The Product includes the right to use Remedy Service Request Management for any number of users, to support any service requests that are directly related to the delivery or consumption of Cloud Services, for the Licensed Capacity.

• The Product includes the right to use TrueSight Network Automation for the network devices in the Cloud Environment as long as the number of supported Network Devices does not exceed the Licensed Capacity. The Product includes the right to use TrueSight Network Automation only in order to enable the initial provisioning, on-going network operations, and use of the Virtual Data Center feature for Network Devices in the Cloud Environment. The Product does not include the right to use TrueSight Network Automation for the management of Network Devices that are not in a TrueSight Network Automation Pod.

• The Product includes the right to use TrueSight Orchestration for the Licensed Capacity, only in order to deliver the process orchestration use cases that are installed out-of-the-box. The Product does not include the right to use any other functional capabilities or product components, including, but not limited to peers, adapters, and runbook content.

**BMC Database Automation – License Add-on:** Excludes the use of the BMC Database Automation agent for multiple operations. Once the agent is registered within the console and a job has been executed against the target, the Product license has been consumed.

**BMC Decision Support – Database Automation (5 Viewer/Query Licenses):** Excludes use of Report Authoring module which must be licensed separately.

**BMC Decision Support – Network Automation (5 Viewer/Query Licenses):** Excludes use of Report Authoring module which must be licensed separately.

**BMC Decision Support – Server Automation (5 Viewer, 1 Query License):** Excludes use of Report Authoring module which must be licensed separately.

**BMC Digital Workplace Advanced:**

• Each BMC Digital Workplace Advanced user can access an unlimited number of Device Endpoints per user license purchased. A “Device Endpoint” is a personal digital assistant, smart-phone, tablet, laptop, desktop workstation or similar computing device.

• Connectors. Any third party Connector (as defined below) distributed by BMC for use with BMC Digital Workplace Advanced is hereby excluded from the defined term “Subscription Service”. Any such third party Connectors are governed by the terms provided with the Connectors and are specifically excluded from this Agreement. For the purposes of this provision, the term “Connector” means software code that integrates a third party’s product with a BMC Subscription Service.

• Licenses. With respect to third party licenses that Customer requests via BMC Digital Workplace to be provisioned, Customer is solely responsible for: (i) the number of licenses it has licensed from a third party, and (ii) the amounts payable for such licenses. Any license provisioning information provided by BMC Digital Workplace is established solely by the information entered into BMC Digital Workplace by Customer, and is provided “as is” for the convenience of the user. Customer is responsible for monitoring its internal license usage of each third party license and such third party license’s usage and license compliance is governed by the terms of the agreement entered into between Customer and the third party licensor.

**BMC Digital Workplace Basic:** Each BMC Digital Workplace Basic user may only use the product on up to three Device Endpoints per user license purchased. A “Device Endpoint” is a personal digital assistant, smart-phone, tablet, laptop, desktop workstation or similar computing device. An additional user license is required for every 3 devices registered by a unique named user.

**BMC Discovery:** The following restriction applies to BMC Discovery:
BMC Discovery version 11.1 or earlier includes Red Hat Enterprise Linux. Customer’s use of and access to the Red Hat Enterprise Linux as part of BMC Discovery is governed by the Red Hat Enterprise Linux and Red Hat Applications End User License Agreement, the terms of which are incorporated into this Order and a copy of which may be viewed at www.redhat.com/licenses/eulas. Notwithstanding the foregoing, this license restriction does not apply to those customers who have installed BMC Discovery version 11.2 or later, which does not include Red Hat Enterprise Linux.

**BMC HR Case Management**: The license enables the customer to use up to 300 Named Digital Workplace Basic users for each BMC HR Case Management licensed named user and up to 750 Named Digital Workplace Basic users for each BMC HR Case Management licensed concurrent user.

**BMC Identity Products**:
- **Internal User**: If a Product name includes the term “Internal User,” that Product can only be used by Customer’s employees (full time and part time) and contractors whose information is being managed using the BMC IdM tools. Information on these users will typically be found in the HR database.
- **External User**: If a Product name includes the term “External User,” that Product can only be used by Customer’s business partners and customers/ prospects whose information is being managed using the BMC IdM tools or Customer’s employees (full or part time)/contractors who are licensed to use one or more of the following BMC Identity Management Tools: (1) BMC Identity User Administration (2) BMC Identity Password Management (3) BMC Identity Compliance Manager, provided the users have no more than 2 logons (access points) being managed by the IdM tools.
- **Archive User**: If a Product name includes the term “Archive User,” that Product can only be used by users whose identity information is stored within the IdM system but is not being actively managed; the information could be stored for the purpose of audit/ forensics etc.
- **Developer User**: If a Product name includes the term “Developer User,” that Product can only be used by users who create or modify applications using the BMC Directory Management Studio.

**BMC Mobile Device Management Products**: For BMC Mobile Device Management (MDM) Products, any clickwrap agreement with AirWatch, LLC contained in the Products is void and of no effect. Customer’s use of these Products is governed by the Agreement.

**BMC Monitoring Only Products**: Customer is not entitled to use analytics as further detailed in the Documentation.

**BMC Real End User Experience Monitoring and Analytics - Licensed Add-on Product**: For synthetic transaction monitoring solutions, each instance of the execution server installed should be counted. For real end user transaction monitoring solutions, each instance of the watchpoint created should be counted.

**BMC Service Desk Express Products**: No terms in any Business Objects or Crystal license agreement embedded in the Product apply to the Product. Customer may make and operate 2 additional copies of the Product solely for internal pre-production configuration and testing purposes.

**BMC Service Desk Express Suite Restriction for BMC Service Desk Express Products**: When purchasing Concurrent User licenses for the “Service Desk Express” Product, regardless of the number of such licenses purchased and regardless of the number of purchases made (including future purchases), Customer is restricted via license keys to a total of (i) five Concurrent Users conducting a process in the report environment of the Crystal Reports “Web Server” product which is embedded in the “Service Desk Express” Product and (ii) two named users accessing the “Crystal Reports Professional” product which is bundled with the “Service Desk Express” Product.

**BMC Subsystem Optimizer for DB2 Restriction**: The BMC Application Restart Control for DB2 product and the MainView Batch Optimizer product that are shipped with the BMC Subsystem Optimizer for DB2 (Subzero for DB2) License may only be used to manage, update and access DB2 data as part of a Subzero for DB2 implementation, unless Customer has separately licensed the BMC Application Restart Control for DB2 and the MainView Batch Optimizer product. Customer may not use the functionality of such Products for any other purpose.

**BMC Subsystem Optimizer for IMS Restriction**: The BMC Application Restart Control for IMS product and the MainView Batch Optimizer product that are shipped with the BMC Subsystem Optimizer for IMS (Subzero for IMS) License may only be used to manage, update and access IMS data as part of a Subzero for IMS implementation, unless Customer has separately licensed the BMC Application Restart Control for IMS product and the MainView Batch Optimizer product. Customer may not use the functionality of such Products for any other purpose.

**CONTROL-M/Assist**:
- Control-M/Assist may only be used to interface with the third party scheduler and may not be used to schedule or manage batch processes outside of the cross-scheduler dependencies.

**Control-M Self Service Mobile Integration Kit**: The Control-M Self Service Mobile Integration Kit is governed by the terms and conditions of the license agreement provided with the product.

**Development License Restriction for Remedy Products**: If a Product name includes the term “Dev Lsn”, Customer will restrict installation, access and use of such Product to a server dedicated to development and testing only, and will not allow any production or commercial activity on that server.

**Footprints Service Core Dynamic SQL DB Link/DS DL**: Customers using the module in replacement of the Microsoft SCCM add on module are required to only connect to databases that house Microsoft SCCM data. Customers using the module in replacement of the contact’s supervisor approval feature can only use the module to connect to a DB that houses information about contacts and their supervisors.

**Footprints Service Core 5 Named User BASE Software Package**: May be used with no more than three workspaces per instance and by no more than 15 named users.

**License Allocation Restriction for Remedy IT Service Management Suite Products**: Notwithstanding anything to the contrary in this Order or the Agreement, and when the Product is licensed (i) on the “per named user” Unit of Measure, Customer may exchange 5 named user licenses of the Product for 2 licenses of the same Product with the Unit of Measure of “per concurrent user” or (ii) on the “per concurrent user” Unit of Measure, Customer may exchange 2 concurrent user licenses for 5 licenses of the same Product with the Unit of Measure of “per named user”. Customer will not incur additional charges for such exchange of licenses so long as Customer does not exceed the Licensed Capacity of the Product granted to Customer, however, Customer must: (i) notify BMC in writing of its intent to exchange the Product Licenses and (ii) enter into a separate Order to reflect Customer’s new Licensed Capacity and the new Unit of Measure.

**License Allocation Restriction for Remedy Service Management Products**: Notwithstanding anything to the contrary in this Order or the Agreement, and when the Product is licensed (i) on the “per named user” Unit of Measure, Customer may exchange 3 named user licenses of the Product for 1 license of the same Product with the Unit of Measure of “per concurrent user” or (ii) on the “per concurrent user” Unit of Measure.
Measure, Customer may exchange 1 concurrent user license for 3 licenses of the same Product with the Unit of Measure of “per named user”. Customer will not incur additional charges for such exchange of licenses so long as Customer does not exceed the Licensed Capacity of the Product granted to Customer, however, Customer must: (i) notify BMC in writing of its intent to exchange the Product Licenses and (ii) enter into a separate Order to reflect Customer’s new Licensed Capacity and the new Unit of Measure.

**Load Balanced System Restriction for Remedy Products:** If Customer has multiple servers in a single logical environment pointing to a single AR System database instance, only one Instance of Remedy “per Instance” licenses is required for installation on these servers (except for the AR System, which must be licensed for each server).

**Remedy Product: Customer may not bypass or delay, in any way, the consumption of a concurrent or named user license to perform an activity that requires a user license (including, without limitation, submitting a ticket to a parallel form and then using workflow to perform the update without a license).**

- A Remedy instance is defined as a Remedy AR System server or server group sharing a common database.
- Concurrent users are for use within one Remedy instance and may not be used in more than one instance.
- Named user licenses cannot be shared between multiple people.
- A hot backup license is a replicate of the Remedy production licenses on one backup server. Customer may access that backup server only when the customary server on which the AR System is installed fails or in preparation of that backup server for such situation.
- Remedy Smart Reporting component is limited to use with Remedy platform based ITSM applications (both delivered by BMC as well as custom-developed ITSM applications). It may not be used for reporting on non-ITSM applications.

**Remedy Service Desk:** The license enables the customer to use up to 100 Named Digital Workplace Basic users for each Remedy Service Desk licensed named user and up to 250 Named Digital Workplace Basic users for each Remedy Service Desk licensed concurrent user.

**Remedy Service Management Suite:** The license enables the customer to use up to 100 Named Digital Workplace Basic users for each Remedy Service Management Suite licensed named user and up to 250 Named Digital Workplace Basic users for each Remedy ITSM Suite licensed concurrent user.

**Remedy Service Management Suite:** Each person can have only one user license type (named or concurrent). Each user can have one and only one type of concurrent user license: Remedy Service Management Suite User license, Remedy Service Desk User license, Remedy Service Optimization User license, Remedy Service Innovation User license.

**TrueSight Automation Suite – Base License:**
- Excludes use of the Threat Director capabilities in BladeLogic Portal except for the first 100 enrolled server endpoints and 100 enrolled network device endpoints.
- Excludes use of TrueSight Orchestration as follows:
  - TrueSight Orchestration Content – Excludes the use of any workflow or runbook content other than Management and Utility actions found in the Operations Management module. Excludes the use of any base adapter. Excludes the use of any non-BMC product application adapter.
  - TrueSight Orchestration Platform – Excludes the use of additional licensed capacity other than what is listed here: 1 peer, 3 Development Studio named user licenses, and 5 Operator Control Panel user licenses. This entitlement is a 1-time grant across all BMC products that include this access and rights are not cumulative.

**TrueSight Capacity Management Products:** Any TrueSight Capacity Management product for distributed systems environments, including but not limited to, TrueSight Capacity Optimization, TrueSight Cloud Cost Control and BMC Performance Assurance can be reassigned over time to other Computers provided data is no longer stored in the Product repositories on that Computer.

**TrueSight Capacity Optimization Products:** Any TrueSight Capacity Optimization Product for distributed systems environments, including but not limited to, TrueSight Capacity Optimization and TrueSight Capacity Optimizer, excludes the use of TrueSight Cloud Cost Control for any use case other than Simulate Cloud Migration. Accordingly, the product excludes the use of the following Extract, Transform, Load (ETLs): Amazon Web Services – Cost and Usage Extractor, Microsoft Azure – Cost and Usage Extractor, and Google Cloud Platform – Billing and Usage Extractor.

**TrueSight Intelligence:** Customer’s Capacity for the Term of the Order is equal to the Number of Units on the Order, multiplied by the number of months in the Term. Customer’s use of such Capacity is not tied to a particular month in the Term. Customer’s Capacity for the Term of the Order must be consumed by the expiration date of the Term or it will expire.

**TrueSight Operations Data Streams:** Customer may not monitor Data Streams from PATROL Agents that are not connected to a TrueSight Infrastructure Management server.

**TrueSight Orchestration – Adapters License Add-on:** Restricts license rights to deploy one unique adapter for every unit licensed; also includes unlimited deployment rights to use Light Weight Activity Peers in combination with licensed adapters; test and development license are provided at no additional cost.

- **Adapter** - a system/interfaces/gateways/ connectors used to talk to external applications.
• Light Weight Activity Peer - Slave peers/servers that can optionally be added to a grid to accommodate network latencies and/or security
topologies when deployed in combination with adapters; these peers do not directly add incremental processing power.

**TrueSight Orchestration Automation Pack (Device Endpoint):** The Product excludes the use of any other BMC-developed runbook, with the exception of Continuous Compliance for Network Automation and product components (peers, base adapters, and application adapters), for other use cases including but not limited to e-bonding, event orchestration, and service desk automation.

**TrueSight Orchestration Automation Pack (Server Endpoint):** The Product excludes the use of any other BMC-developed runbook, with the exception of Continuous Compliance for Server Automation and product components (peers, base adapters, and application adapters), for other use cases including but not limited to e-bonding, event orchestration, and service desk automation.

**TrueSight Orchestration Event Orchestration Pack:** The Product excludes the use of any other BMC developed runbook, with the exception of Event Orchestration and product components (peers, base adapters, and application adapters), for other use cases including but not limited to closed loop compliance use cases where change requests are generated by a configuration management solution, such as BMC Server Automation or another third party tool, or Service Desk Automation where change requests are generated by a service desk solution, such as BMC Remedy or another third party tool, and e-bonding.

**TrueSight Orchestration – ITSM Automation Pack:** The Product excludes the use of any other BMC-developed runbook, with the exception of ITSM Automation and product components (peers, base adapters, and application adapters), for other use cases including but not limited to e-bonding, event orchestration, and service desk automation.

**TrueSight Orchestration – Peer License Add-on:** Restricts license rights to deploy one peer for every unit licensed; a peer can either be a Configuration Distribution Peer or an Application Peer; test and development license are provided at no additional cost.

* Application Peer – Server that executes workflows.
* Configuration Distribution Peer – Master application that controls all workflows, including load balancing across the grid of Peers.

**TrueSight Orchestration - Service Desk Automation Pack:** The Product excludes the use of any other BMC developed runbook, with the exception of Service Desk Automation and product components (peers, base adapters, and application adapters), for other use cases including but not limited to e-bonding, event orchestration, and ITSM automation.

**TrueSight Server Automation – Compliance Module:** Excludes use of TrueSight agent for server configuration, patching, and provisioning tasks.

**TrueSight Server Automation – Compliance License Add-on:** Excludes use of TrueSight agent for server configuration, patching, and provisioning tasks.

**TrueSight Server Automation – Configuration License Add-on:** Excludes use of TrueSight agent for server compliance, remediation, and provisioning tasks.

**TrueSight Server Automation – Configuration Module:** Excludes use of TrueSight agent for server compliance, remediation, and provisioning tasks.

**TrueSight Server Automation – License Add-on:** Excludes the use of TrueSight agent for the application packaging and deployment of internally built, proprietary, or custom-developed code.

**TrueSight Server Automation – Patch License Add-on:** Excludes use of TrueSight agent for server compliance, remediation, and provisioning tasks.

**TrueSight Server Automation – Provisioning License Add-on:** Excludes use of TrueSight agent for server compliance, remediation, configuration and patching tasks.

**TrueSight Server Automation – Provisioning Module:** Excludes use of TrueSight agent for server configuration, patching, compliance, and remediation tasks.

**TrueSight Server Automation Suite:** Excludes the use of TrueSight agent for the application packaging and deployment of internally built, proprietary, or custom-developed code.

**TrueSight Synthetic Monitor with Micro Focus Silk Performer:** The TrueSight Synthetic Monitor with Micro Focus Silk Performer product may only be used with BMC performance management products and BMC application performance management products.

---

c. **UNITS OF MEASUREMENT:** The following units of measurement apply to certain Products.

*per active user:* A license (with a Classification at the appropriate Level, if applicable) is required for each Active User of the Product. An **Active User** means an individual user who registers to use the Product and receives a unique ID, and who at least once during a given calendar month, regardless of the day, time or duration of the session, either (i) actively logs into or connects to the Product, or (ii) accesses the Product through an API. The number of Active Users may be a subset of all individual users of the Product. Individual users classified as Active Users may change on a monthly basis. For example: if Customer has 10,000 individual users of the Product, but in calendar month #1 only 1,000 users either (i) actively log into or connect to the Product, or (ii) access the Product through an API, then in calendar month #1 Customer’s number of Active Users is 1,000.

*per adapter:* A license is required for each installation of an adapter that interfaces with the Product.

*per agent:* A license is required for each unit of software with the official name of Remote Sys Call Daemon or RSCD Agent that can be deployed on a physical or virtual operating system.

*per application:* A license is required for all unique collection of application component templates and configuration objects used to form a single logical platform defined by the Customer.

*per asset:* A license is required for every physical or logical Server Endpoint, Client Endpoint, Device Endpoint, Data Center Rack, Data Center IP Sensor, or Other Endpoint monitored, managed or discovered by the Product. **Client Endpoint** means a laptop, desktop or other non-Server Computer. **Device Endpoint** means a personal digital assistant or similar computing device. **Other Endpoint** means a router, a switch, a hub, or other network device, peripheral or hardware instrument, as the case may be. **Server Endpoint** is any virtual or physical Computer that provides a service for other Computers or users connected to it via the Internet, extranet, intranet, or other networked technologies.

*per Cisco™ UCS Server:* A license is required for each Cisco Unified Computing System (UCS) Server on which the Product is installed and/or manages regardless of whether the Product or one of its components is installed on that Server.

*per Client Endpoint:* A license is required for each Client Endpoint. **Client Endpoint** means a laptop, desktop or other non-Server Computer.

*per component:* A license is required for all objects that represent a physical or logical part of the service model.
**per concurrent access license:** A license is required for the maximum number of simultaneous sessions accessing the Product. Sessions are counted in packs of 5.

**per concurrent session:** A license is required for the maximum number of simultaneous sessions accessing the Product.

**per concurrent user:** A license is required for the maximum number of individual employees or contractors of Customer to whom simultaneous access has been granted to the Product on a computer or multiple computers.

**per CPU – Full Capacity:** A license is required for the total number of active, physical CPUs in each Computer upon which the Product is installed or on which the Product manages, either remotely or locally. **CPU** means a physical processor or central unit in a designated Computer containing the logic circuitry that performs the instructions of a Computer’s programs and refers to the “socket” which can contain one or more processor cores.

**per CPU – Subcapacity:** A license is required for all active, physical CPUs which the Product manages, either remotely or locally. **CPU** means a physical processor or central unit in a designated Computer containing the logic circuitry that performs the instructions of a Computer’s programs and refers to the “socket” which can contain one or more processor cores.

**per database:** A license is required for the total allocated database space per host ID or physical Computer which the Product is managing. The total allocated database capacity cannot be segregated or aggregated into lower or higher ranges.

**per data stream:** A license is required for the highest monthly average of Data Streams monitored, managed or discovered by the Products. A **“Data Stream”** is a unique combination of a metric, source and set of properties.

**per deployed robot:** A license is required for all PATROL End-to-End Response Timer robots deployed.

**per development site:** A license is required for (a) each Cloud Service Provider’s development lab where activity related to the development of the Cloud Services environment is performed, including design, development, integration and testing; and (b) each Cloud Service Provider’s demonstration center where the Cloud environment is used for demonstration purposes to third party entities. Multiple physical locations are considered multiple development sites and a license is required for each. Multiple development labs and demonstration centers, where activity for multiple, separate Cloud initiatives is conducted, are separate development sites, even if they are located in the same physical location and a license is required for each. The Product may not be used for production processing, such as a cloud pilot or cloud production environment for Clients or any other third party. Licenses cannot be transferred from a Development Site to other environments.

**per Device Endpoint:** A license is required for each Device Endpoint. **“Device Endpoint”** means a personal digital assistant or similar computing device.

**per engine:** A license is required for each mainframe general purpose engine on the server upon which the Product is installed and/or manages regardless of whether the Product or one of its components is installed on that Server.

**per enterprise:** A license is required for each Customer and per Client each, regardless of the number of times Customer installs the Product in its Enterprise or its Client’s Enterprise. **“Client”** means a third party whose data is processed by Customer and is only permitted if Customer is an authorized BMC service provider.

**per event:** A license is required for the highest monthly average of Events monitored or managed by the Products. An **“Event”** is a unique computer action or occurrence at an identifiable point in time that can be generated or triggered by a computer system, device, application, or user.

**per gigabyte:** A license is required for all engines of a mainframe Computer on which Customer is running Linux, when applicable classified by Linux Group using BMC’s standard Computer classification.

**per gigabyte range:** A license is required for all named occurrences of the Product created or installed in the Enterprise.

**per Linux engine:** A license is required for each Server (with a Classification at the appropriate Tier level, if applicable) upon which the Product or any of its components is installed.

**per instance:** A license is required for the highest monthly average of Cloud Resources monitored, managed (directly or indirectly), or discovered by the Product(s). A **“Cloud Resource”** is any instance of a cloud infrastructure that provides a service for other Cloud Resources, Computers or Users connected to it. For example, a Cloud Resource may include compute, network, storage or platform services that run in private or public clouds.

**per managed asset – average Server Endpoint:** A license is required for the highest monthly average of Server Endpoints monitored, managed or discovered by the Products. A **“Server Endpoint”** is any virtual or physical Computer that provides a service for other Computers or users connected to it via the internet, extranet, intranet, or other networked technologies. For purposes of clarity, each virtual machine regardless of the environment it is hosted in (data center, private cloud, public cloud, hybrid cloud), it is considered a server endpoint (e.g. each Amazon EC2 instance, Azure VM, Google Compute Engine, OpenStack Virtual Machine).

**per managed asset – Cloud Resources:** A license is required for each Server (with a Classification at the appropriate Tier level, if applicable) upon which the Product or any of its components is installed.

**per managed component:** A license is required for all objects that represent a physical or logical part of the service model managed by the Product.
per managed network device: A license is required for each Network Device managed using a unique IP-address. “Network Device” means a standalone or chassis-based network device/card/processor.

per managed server: A license is required for each Server managed by the Product or one of its components whether locally or remotely. When applicable, this license must be computed at the appropriate tier level based on the cumulative count of managed servers. Network Devices are not counted as Servers. This license does not include the Product’s installation on or management of Integrated Facility for Linux (IFL) engines. “Network Device” means a standalone or chassis-based network device/card/processor.

per MIPS: A license is required for the total aggregate number of MIPS for each Computer, including all Computers coupled in a parallel Sysplex environment, upon which the Product is installed, or which is managed or monitored by the Product. MIPS Rating is the aggregate computing power (expressed in millions of instructions per second) of a Computer, using the MIPS rating set forth in the then current Gartner Group Rating Guide. Computer-specific passwords will be issued for the Product.

per monitored element: A license is required for all remotely monitored elements, such as a Server, database, operating system, URL, firewall, storage, or network device.

per monitored server: A license is required for each Server (with a Classification at the appropriate Tier level, if applicable) which the Product or one of its components is monitoring regardless of whether the Product is monitoring it locally or remotely.

per named user: A license (with a Classification at the appropriate Level, if applicable) is required for each individual employee or contractor or client of Customer. When user-based interaction is required, a license is required for all individuals for whom access has been granted to the Product on a computer or multiple computers typically via the issuance of a unique ID regardless of whether the individual is actively using the Product at any given time.

per node: A license is required for every Node which the Product manages and/or monitors. “Node” means a laptop, desktop, mobile device, or any virtual or physical Computer that provides a service for other Computers or users connected to it via the Internet, extranet, intranet, or other networked technologies.

per port: A license is required for each port. A port is defined as a physical connection point used by a storage device to connect other devices or systems. For the purpose of BMC licensing, all active ports (Fibre Channel, iSCSI, etc.) for all managed devices (storage arrays, filers, tape libraries, etc.) are counted. Ports on hosts, gateways and switches are not to be counted.

per project: A license is required for each project, facility or business unit, as the case may be specified at the time of order.

per Server Endpoint: A license is required for each Server Endpoint. “Server Endpoint” is any virtual or physical Computer that provides a service for other Computers or users connected to it via the Internet, extranet, intranet, or other networked technologies.

per service management application: A license is required for each service desk application or module that the Product integrates with. Examples of service desk applications include incident management, change management, knowledge management, problem management, and incident alert management.

per service management MIPS: A license is required for the total aggregate number of MIPS for each Computer, including all Computers coupled in a parallel Sysplex environment, upon which the Product is installed, managed or monitored. MIPS Rating is the aggregate computing power (expressed in millions of instructions per second) of a Computer, using the MIPS rating set forth in the then current Gartner Group Rating Guide.

per session: A license is required for each mainframe console device connection to the Server upon which the Product is installed or any of its components is installed.

per site: A license is required for the physical site at which the Product is installed regardless of the number of times the Product is installed.

per task: For all Control-M Products, except those that run exclusively in the Mainframe environment, a license is required for the maximum number of Tasks (as defined below) present in the Control-M “Active Jobs” databases in any 24-hour period, regardless of whether the Tasks execute or not. For the Control- M Products that run exclusively in the Mainframe environment, a license is required for the maximum number of Tasks (as defined below) present in solely the Mainframe environment’s Control-M “Active Jobs” database. Tasks in the Control-M “Active Jobs” databases include all Tasks in all Distributed Systems and/or Mainframe environments in any 24-hour period (including but not limited to development, staging, QA, pre-production, production, and test environments), except that, (i) SMART folders/table and sub-folders/tables which contain scheduling definitions and are listed as tasks in the “Active Jobs” databases are not counted as Tasks, (ii) Tasks that have idle time zone settings may remain in the “Active Jobs” databases for up to three consecutive days, but are only counted as one Task, (iii) A Task that runs more than once during the day (with the same Order ID) is counted as one Task – this includes Tasks that are rerun and cyclic Tasks, and (iv) Tasks that are provided for by licenses under alternative Units of Measurement (i.e. tier or MIPS) are not considered Tasks under this “per task” unit of measurement. The number of steps or scripts executed within the named Task shall have no bearing upon the number of Tasks licensed. “Task” is interchangeable with “job” and means an executable command containing the name of the JCL, CL, DCL, ECL, script or dummy processes that is scheduled to execute, as well as the scheduling criteria, flow control, and resource usage.

per terabyte: A license is required for the total aggregate storage capacity in the Enterprise.

per third-party software: A license is required for the total aggregate storage capacity of the third-party software product that interfaces with the Product.

YOU AGREE THAT YOU HAVE READ THIS AGREEMENT AND INTEND TO BE BOUND, AS IF YOU HAD SIGNED THIS AGREEMENT IN WRITING. IF YOU ARE ACTING ON BEHALF OF AN ENTITY, YOU WARRANT THAT YOU HAVE THE AUTHORITY TO ACCEPT THE TERMS OF THIS AGREEMENT FOR SUCH ENTITY.
